Summary: Tally somehow ends up back in the time of Hairspray. How will this turn out?

1. Chapter 1: Tally, Tracy & Corny Collins

Hey Tally, Welcome To The Sixties!

Author's Notes: I don't own Uglies or Hairspray. Ah, I remember this one. I finished it in a super rush back in 2007 to try to get it in before the contest at FanLib was over.

1**Chapter 1: Tally, Tracy, and the Corny Collins Show**

Tally has arrived in the sixties, she doesn't know how though.

She has now met a girl named Tracy Turnblad.

Tracy is an interesting Rusty. She's what the Rusties called "good dancers".

Tracy has invited Tally to the next episode of this "TV show" called "The Corny Collins Show".

"I've never even heard of 'the Corny Collins Show'," said Tally.

Tracy gasped. "It's the greatest show EVER. Where people dance."

"That's it?" Tally said. "Just dance?"

"Yeah," said Tracy.

"Sounds like a boring show."

"No, they have some of the best dancers on the Corny Collins

Show."

"Hmm... Interesting," said Tally.

"Hey, Tracy," said Tracy's mom. "I've decided we're going on a trip to Alcatraz Island."

"Where's that?" Tally asked. "California?"

"Aaahh," Tracy's mom cries, obviously scared by Tally's face. "Yes, yes, it's in California, in the middle of San Francisco Bay."

"Great," said Tally. "I'll get ready."

"What? Whoever decided you were coming?" Tracy's mom asked.

"I think you did," Tally said.

"What makes you think that?"

She pointed to a piece of paper.

It said, "Always let scary people do whatever they want. Except kill members of the family, take members of the family, or take very valuable items. -Tracy's mom"

"What kind of letter is that?" Tracy asked.

"Um... well... uh..." Tracy's mom tried. "Okay fine, but no killing anybody."

"Of course," said Tally.

"So when are we going?" Tracy asked.

"Soon," said her mom.

"How soon?"

Hey Tally, Welcome To The Sixties!

2. Chapter 2: To San Francisco!

Hey Tally, Welcome To The Sixties!

Author's Notes: I don't own Uglies or Hairspray.

1**Chapter 2: To San Francisco!**

Soon, they were off. Tally still couldn't figure out how she had gotten into this time period or why. Why had she ended up with them? They were very creepy Rusties in her opinion.

They eventually arrived.

"Here we are," said Tracy's mom.

"Great place," said Tracy. "Why is this house next to the prison

though?"

"Yes, did some bubbleheads make this building as a place for criminals to escape to?"

Tracy's mom just shrugged.

Tally heard something, it was coming from the prison.

"Somebody's trying to escape," said Tally.

Hey Tally, Welcome To The Sixties!

3. Chapter 3: Escape

Hey Tally, Welcome To The Sixties!

Author's Notes: I don't own Uglies or Hairspray.

1**Chapter 3: Escape**

Tally ran over to the prison.

She saw three boys trying to escape.

They did, but not for long.

Tally yelled for the police.

They heard her immediately and ran out to the boys.

They were re-hand cuffed and taken back in.

"You've done your last deed," one of the police said and suddenly, Tally was back in her own time.

"Wow!" said Tally.

She then told David the story.

Hey Tally, Welcome To The Sixties!
